Let us know how many people are in your immediate family; This will help us locate a timeshare with enough room so everyone is comfortable. Based on timeshare capacity, you may invite guests to stay with you.

Many timeshares have kitchens, but not all. If you wish to insure there is a kitchen, please let us know.

Does anyone have special needs? Please make sure we understand these needs when securing a timeshare, so everyone enjoys their stay.

While every effort will be made to secure you a timeshare, availability will depend on the number of donated timeshares and availability at the location.

We understand emergencies happen, but if, for any reason, you need to cancel your vacation, please let us know at least a week in advance.
